

WEDDING RECEPTIONS IN THE HISTORIC „WIELICZKA” SALT MINE

The “Wieliczka” Salt Mine arouses admiration among tourists from all over the world who breathlessly admire the chapels carved in salt, chambers, and picturesque brine lakes. The unique underground city, listed as a UNESCO World Cultural and Natural Heritage Site in 1978, is also a venue for cultural events and receptions. The mine’s unique interiors surprise with their raw beauty, providing a dream venue for weddings and receptions for couples looking for original and unique locations.

We have unique, state-of-the-art equipped banquet halls underground, suitable for organising various types of parties, from intimate meetings for a dozen or so people to events for several hundred guests. Each hall has full catering facilities, so meals are prepared on site and served to you straight from the kitchen. Our chefs take care of the taste and aesthetics of the dishes, and the wide selection of menus satisfies the tastes of even the most demanding guests.

In the vicinity of the Daniłowicz Shaft, in a picturesque park, is the intimate Grand Sal Hotel ****, owned by the “Wieliczka” Salt Mine. The proximity of the venue avoids logistical problems such as hiring transport for guests. The hotel offers 38 comfortable rooms and a luxury suite.

We know that a wedding and reception is one of the most important celebrations in life. We invite you to organise it in the undergrounds of the historic mine, and our team will make sure that on that day your dreams become reality.
